WHAT IS AUTO REPAIR SOURCE?

Auto Repair Source is an online database available from the Sioux City Public Library that features repair and maintenance procedures on thousands of domestic and imported cars and trucks from 1974 to the present. It includes step-by-step repair information, diagrams, maintenance schedules, parts and labor estimates, service bulletins, and recalls. To get started, all you need is your full-access Sioux City Public Library card. (If you are inside a library building and on a library computer, you do not need a card to access this database.)

CONTENT

Auto Repair Source offers a user-friendly search experience and access to a variety of information to help diagnose, repair, and maintain your vehicle.

- Service information
- Technical service bulletins and recall notices
- Component location diagrams
- Precise and comprehensive wiring diagrams
- Maintenance schedules
- Estimated labor times
- Engineering specifications/standards
- Diagnostic trouble codes (DTCs)
- Part numbers, diagrams and pricing

GETTING STARTED

1. Access Auto Repair Source from the Library's website: www.siouxcitylibrary.org - under the header ERESOURCES.
2. You will be prompted to type in your library card number. Type in the entire number without any spaces. Then you will be asked for your PIN, which is the month and day of the card holder's birthday – MMDD.

SEARCHING AUTO REPAIR SOURCE

1. Once you are logged in, you will see your searching options at the top of the page. From the drop-down menu (see below) you are able to select the year, make, model, and engine type of the vehicle.

Year: Make: Model: Engine:

2. Once you make all four selections in the drop-down menus the vehicle information will automatically load onto the left side of the page.

- > AIR CONDITIONING & HEATER
- > BATTERY REPLACEMENT
- > BODY & FRAME
- > BRAKES
- > COOLING SYSTEM
- > ELECTRICAL
- > ENGINE MANAGEMENT
- > ENGINE SERVICE

3. Now you can look through any information you need. Diagrams can be magnified for easier viewing and you are able to print any information or diagrams as needed.
