My Shadow

Tune: "If You're Happy and You Know It"

Oh my shadow likes to move, just like me!
Oh my shadow likes to move, just like me!
Whatever that I do, my shadow does it too.
Oh my shadow likes to move, just like me!

Baa Baa Black Sheep

Baa Baa Black Sheep,
Have you any wool?

Yes, sir. Yes, sir, three bags full.
One for my master, one for my
dame, and one for the little boy
who lives down the lane.

Baa Baa Black Sheep,
Have you any wool?

Yes, sir. Yes, sir, three bags full!

Literacy Tip

Help your child see shapes all around them, even if they are not standard shapes like circles, triangles, and squares. Even babies can see shapes and light/dark patterns long before they know what they are called. Awareness of shapes builds a foundation for the math concepts children will need to learn later in school.
